2. Industrial Visit

Industrial Visit conducted during A.Y. 2023-24

Industrial Visit Report

Date: 25th January 2024

Mahatma Gandhi Vidyamandir's Samajshri Prashantdada Hiray College of Pharmacy, LVH Marg,
 Malegaon Camp, Malegaon, Nashik (MS) 423105.
 Affiliated to Savitribai Phule Pune University, Pune.
 Students of Final Year B. Pharmacy (2019 Credit Pattern)
 Academic Year: 2023-24

Introduction:

With the allowance of Principal, Dr. S. R. Tambe, a group of 41 students along with three staff members from above mentioned institute had arranged an Industrial Visit in search of providing better knowledge about the actual industrial work. The industrial visit was planned to be at "Sun Pharmaceutical Industries Ltd. (A-41, Phase, 8, Lakhnaur Pind Rd, Industrial Area, Sector 75, Sahibzada Ajit Singh Nagar, Punjab 160055)" on 20th January, 2024. Sun Pharmaceutical Industries is one of the India's largest pharmaceutical companies with a significant presence in Chandigarh, as Chandigarh serves as a vital hub for industry's manufacturing and operational activities. It is one of the largest specialty generic pharmaceutical companies in the world providing high-quality, affordable medicines. Sun Pharma's manufacturing facilities are adhered to the global quality standards and are equipped with state-of-art technology to produce a wide range of pharmaceutical formulations. A good co-ordination and communication among all the staff members and students indeed transformed this industrial visit into a successful visit. Teaching staffs, Mr. V. R. Patil and Ms. B. S. Suryawanshi, were handling all the necessary fulfilments for the visitation. The assistance of non-teaching staff, Mr. S. H. Bhadane, and student representative, Mr. S. V. Jadhav, were also remarkable.

Workplan:

All the prior arrangements right from the point of leaving from the institute to returning the institute were done. Though the schedule of departing train was quite messed up, wise decision of all the responsible members could make it to be at Sun Pharma Industries around 11.30 AM in the morning via suitable means. Head of the plant Mr. Kiran Bachhav expressed a cheerful welcome towards us. Due to some of the policies of the industry, a group of 41 students along with 3 staff members were divided into the group of 14 students and one staff member each. All of the three groups were wisely distributed to the different sectors of the plant in accordance with managing the time as well as ease. We all were in the industry's premises up to 3.00 PM excluding the lunch time. All the assisting staff from the plant was well-disciplined, well-behaved and cooperative which made this visit more ascertainable.

Accredited by NAAC "B ++" Grade with = CGPA -2.88 in First Cycle, NSS CODE-D-SF-091

Detailed Account:

Once we reached in the premises of Sun Pharmaceutical Industries Ltd., security asked for the liable documents and completed company's protocols such as mobile prohibition, listing of each and every person, etc. Meanwhile, as soon as Mr. Kiran Bachhav could spare some time, he arrived and welcomed all of us on the behalf of entire plant. Later he gave an outlook of the plant that we visited. There were two main structural designs, one of which was the manufacturing department or production department and the remaining one was quality control, i.e., QC department. Then he and his assisting employees instructed us regarding the safety and management policies of the company which are to be strictly followed by each and every person entering the industry's premises including wearing gloves, mask, white aprons, etc. He gave a quick review of further proceedings and asked us to get arranged in the group of 14 students, as such, 3 groups were made and each staff member was with one group while visiting the different departments of the industry, additionally he assigned one employee to each group for the sake of guidance. First group was attended by Mr. Kiran Bachhav himself including Mr. V. R. Patil and Mr. S. V. Jadhav. Second group was having an assistant along with Ms. B. S. Suryawanshi and Ms. S. R. Bachhav. Remaining one was with the other assistant and Mr. S. H. Bhadane and Mr. A. V. Bachhav. All the groups were attended very politely right from the visitation to various departments up to clarifying the doubts or questions if anybody had. On observing the scenario, we came to know that plant manufactures and export a variety of pharmaceutical products such as anticancer tablets, peptides, steroids, controlled substances, analgesics, etc. The highlighting fact about the industry was that there are total 33% completely filled seats of female employees which is indeed a commendable thing. In the section of tablet production, machines such as single sided rotary tablet press, double sided rotary tablet press, double cone blender, rapid mixer granulator were doing their activities. Similarly, in the capsule manufacturing section, capsule filling machine, capsule shell production machines were in the operation. Besides their packaging and labelling were also done simultaneously, once the sampling is approved as a qualified product by the QC department.

Next stage of the visitation was to the quality department. There were some provisions for entering in the QC cell. The head of the department and some employees greeted us and gave the information about the various types of tests or analysis being conducted by them in the laboratory. Enthusiastic students asked queries about the careers and the work to which they responded very wisely and patiently. The qualifying standard tests of raw materials, in-process and out-process qualitative analysis are some of the tests that we can remember. They also showed us the different apparatus and set-ups for the same.

The other departments such as storage, packaging, warehouses were not that fully explored due to time limits. And finally, to the above extent, all of us left the industry with an overwhelming experience of the industrial visit, their staff and collectively each and every aspect of it.

Students' Feedback:

1. A student representative, Mr. S. V. Jadhav admires the industry's hygiene and adherence to the standard protocols and values which enhances the quality of products as well as impression of the overall pharmaceutical industry.
2. A lady's representative, Ms. S. R. Bachhav says that the Sun Pharma Industries Ltd. Is the premier centre for manufacturing the generic medicines from the India, we all wish to see the golden success of Sun Pharma Industries beyond it is as of now.

Industrial Visit Report

Date: 15th May 2024

Mahatma Gandhi Vidyamandir's Samajshri Prashantdada Hiray College of Pharmacy, LVH Marg,
Malegaon Camp, Malegaon, Nashik (MS) 423105.
Affiliated to Savitribai Phule Pune University, Pune.
Students of Final Year B. Pharmacy (2019 Credit Pattern)
Academic Year: 2023-24

Introduction:

With the allowance of Principal, Dr. S. R. Tambe, a group of 39 students along with three staff members from above mentioned institute has arranged an industrial visit in search of providing better knowledge about the actual analytical, microbiology and toxicology related work being carried out in laboratories. The visit was planned to be at "Biotox Laboratories, Satpur, Nashik 422007 and RAP Analytical, Sarda Circle, Nashik 422001" on 8th May, 2024. Biotox laboratories are bound to provide biological evaluations, biocompatibility, toxicology, risk assessment, pharmacology, new drug discovery services to meet the Global Regulatory and Research and Development requirements. They provide various biological evaluations of medical devices, microbiological studies, toxicological services and many more. RAP Analytical are specialized in a wide array of analytical testing services tailored to meet the diverse needs of various sectors including pharmaceuticals, food and beverages, environmental, cosmetics and more. Their testing capabilities encompass a range of methodologies including chromatography, spectroscopy, microscopy, elemental analysis and molecular diagnosis. A good co-ordination and communication among all the staff members and students indeed transformed this visit into a successful one. Teaching staffs, Mr. V. R. Patil, Mr. K. B. Erande and Ms. B. S. Suryawanshi, were handling all the necessary fulfilments of the visitation. The assistance of student representative, Mr. S. V. Jadhav and Ms. S. R. Bachhav, were also remarkable.

Work plan:

All the prior arrangements right from the point of leaving from the institute to returning back were done. Though we used the public transport, we could make it to be at Biotox laboratories at 11.00 in the morning. Head of the lab expressed a cheerful welcome towards us. Due to some of the policies of laboratory, a group of 39 students along with 3 staff members were divided accordingly. All the groups were wisely, distributed to the different sections of the lab in accordance with managing the time as well as ease. We all were in the laboratory premises up to 2.00 PM excluding the lunch time. After getting done with the lunch, we headed up to the RAP Analytical. The same pattern of group distribution was applied here too. It has been thought to believe that shorter the group, more precisely it can be handled with respect to providing information, questionnaires, etc. It took around 5.00 PM to get done all the procedures at RAP Analytical. All the assisting staff from both laboratories was well-disciplined, well-behaved and co-operative which made this visit more ascertainable.

Detailed Account:

1. At Biotox Laboratories:

Once we reached in the premises of Biotox Laboratories, security asked for the liable documents and completed lab's protocols such as mobile prohibition, listing of each and every person, etc. Meanwhile, as soon as the head of lab could spare some time, he arrived and welcomed all of us on the behalf of entire plant. Later he gave an outlook of the lab that we visited. There were various sections segregated as microbiology, instrument lab, animal testing area, etc. Then heard his assisting employees instructed us regarding the safety and management policies of the company which are to be strictly followed by each and every person entering the industry's premises including wearing gloves, mask, white aprons, etc. He gave a quick review of further proceedings and asked us to get arranged in the group. All the groups were attended very politely right from the visitation to various departments up to clarifying the doubts or questions if anybody had. On observing the scenario, we came to know that the lab is responsible for carrying out various microbiological, toxicological, therapeutic effect evaluation, biocompatibility studies, etc. All the groups were allowed to visit all the sections and see the procedures and understand the workings of lab. Different drug stability studies were being carried out on various animals in the lab. At the time when we visited an antidiabetic drug was being evaluated against metformin as standard reference.

2. At RAP Analytics:

After reaching at RAP Analytics, we were requested to wear the lab coats and head caps. The assisting staffs have helped us with all the guidelines to be followed. Once we entered the lab, all the instruments like UV spectroscopy, IR spectroscopy, HPLC instrument, Column chromatography device, NMR spectroscopy were visible. The head of lab himself gave the information and working of each and every instrument to all of us. We did ask all the queries and he answered all of them very attentively and wisely. We were indeed thankful to the lab for providing the pros and cons of all the examinations carried out in each instrument.

2. List of Practice school topics

Basics in inorganic Chemistry		
Year 2023 - 2024		
Sr. No.	Name of Student enrolled	Status
01	Yashod Roshani Pantharinath	Completed
02	Anurag Ashok Patil	Completed
03	Pawar Harshali Kewal	Completed
04	Sonawane Ketaki Prakash	Completed
05	Pomnar Jagruti Vithoba	Completed
06	Raundal Aakash Shrawan	Completed
07	Kawar Suvarna Yuvraj	Completed
08	Shivande Vaishanavi Satish	Completed
Total	08	08

Biomedical Nanotechnology		
Year 2023 - 2024		
Sr. No.	Name of Student enrolled	Status
01	Shinde Harshada Mangesh	Completed
02	Sonawane Dipali Dadaji	Completed
03	Jadhav Priyanka Pankaj	Completed
04	Ansari Mohammed Taha Aasif Maswood	Completed
05	Diwate Siddhant Bhausaheb	Completed
06	Hiray Hitesh Sachin	Completed
07	Mane Monika Dhanraj	Completed
08	Narote Rohini Suresh	Completed
09	Nikam Divya Kiran	Completed
10	Wagh Sakshi Devendra	Completed
Total	10	10
