5.3.2 Through committee participation and the nomination of students as representatives of various administrative, co-curricular and extracurricular activities, the institution has created plans to help students improve their leadership skills.

Antirragging Committee: Students take action and advise others to establish a campus with zero ragging.

College Development Committee: The involvement of students in the College Development Committee is crucial, serve as the voice of the student body, representing their concerns, suggestions and feedback in committee discussions, also act as a bridge between the students and the administration.

Divyang Committee: Students' involvement in this committee can significantly contribute to creating an accessible and supportive environment for Divyangjan and fosters a culture of empathy and sensitivity within the campus.

Committee for SC/ST: Students can help create a loving, equitable, and supportive atmosphere that guarantees equal opportunity for all [including students from Scheduled Tribes (ST) and Scheduled Castes (SC)] by actively engaging in the SC/ST Committee.

Equal Opportunity Cell: The Equal Opportunity Cell in educational institutions is designed to promote diversity, equity and inclusion while addressing the needs of all students, particularly those from marginalized or disadvantaged groups (e.g., SC/ST, OBC, minority communities, persons with disabilities and women). Students can promote knowledge about rights, policies and support systems available for marginalized groups.

Gender Equality/Sensitization Committee: Students' active involvement in this committee is critical for fostering a culture of respect, fairness and empowerment across genders. Students' involvement also encourages the creation of a safe and inclusive environment for all genders, prepares students to be advocates of gender equality and respectful conduct in society.

The Internal Complaint Committee (ICC): It is a body established under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 to address and prevent incidents of sexual harassment on campus. By raising awareness, providing peer support and fostering respectful behavior, students contribute to a culture of mutual respect and zero tolerance for harassment.

NSS Unit: The National Service Scheme (NSS) is a platform that allows students to contribute to community service and nation-building. By actively participating in NSS, students contribute to the development of society while also growing as responsible citizens and leaders. The NSS Unit serves as a platform for holistic development, where students learn the importance of selfless service and community engagement.

Sports Committee: Students' involvement in the Sports Committee is essential for creating a thriving sports culture on campus. They help in organization and management of different sports events.

Student Council: The entire college experience is improved by students' participation in the Student Council. Students who join the council not only develop their own abilities but also make a long-lasting contribution to the institution.

Students' Grievance Cell: Students' involvement in the Grievance Cell is crucial for its success. By representing their peers, organizing awareness programs and actively participating in the resolution process, students ensure that the cell remains approachable, transparent and effective. This involvement not only improves the campus atmosphere but also empowers students to take responsibility for their community's well-being.
