Digital Library Section

The library has developed a digital library section for the entire user community, especially the student segment. The digital library section provides access to the online databases and Digital Institutional repository which consists of accessibility of the summer projects in e-format, question paper, syllabi, prints of the research papers etc.

Library Dept.

During the last academic year, the entire collection of the books is rearranged by redesigning the shelving plan. The collection is now rearranged to accommodate newer subjects and the books purchased and to create more ease to the library users.

Library Activities

User Orientation

The basic purpose of this activity is to raise the awareness level of the newly entrant students regarding the library services, resources and the library rules and regulations for maximizing the usage of library. Library orientation for fresher was conducted during the academic year 2021-22 on online mode due to Covid-19. The library staff provides guidance to locate reading material and also to locate proper information from the library collection which helps the users in quick retrieval of the documents.

Library Rules

Library rules and regulations display on library entrance wall along with library committee members boards, Library details. Newly entrant students provide I Card and Borrower Card. It facilitates users to get acquainted with the library environment.

Best Practices

The library has focused benchmarking technique followed by continuous Improvement process. It has adopted innovative library services which are the best. The libraries are coping up the present scenario.

Continuous Assessment

The library has focused on continuous assessment of the library services by using quality technique. The user responses are regularly collected through informal discussion and observation technique. Efforts have been made to implement the suggestions of the user segments.

Effective use of ICT

The accessibility to information and the changing user expectations due to ICT has a tremendous impact on the libraries. Our library is continuously adopting the newer ways to cope with the changing scenario and particularly the extended and ever-changing expectations of the tech savvy users of computer. Library automation, digital institutional repository, Campus 360 software, online accessibility of the databases on the campus, plagiarism testing, computerized SDI, E books search on the working hours.

Utilization of Social Networking

The library is now utilizing the social networking sites such as, Whatsapp, Facebook, telegram, Google classroom, college website.

Use Plagiarism Policy

Our Library is equipped with the Plagiarism Checker-X Software. Our library is playing a vital role in quality testing originality using the Checker-X Software to the research papers through the report of originality. As Savitribai Phule Pune University has adopted anti- plagiarism policy to detect instances of plagiarism and thereby prevent the students and faculties from publishing, presenting and copying others' research work as their own; all the D. Pharmacy and B. Pharmacy students are therefore required to attach original report of the Checker-X Software before submission of the thesis.
