Mr. Bhagirath Sonwane explained the road safety related points. This topic is useful to give knowledge to anyone for walking or traveling by any vehicle on the road, our safety is in our hands.

We have to be very careful of the other vehicles on the road. Our safety on the road can only be ensured when we abide by the traffic rules.

He also said the one of the basic traffic rules for pedestrians is to cross the roads only through zebra crossings when the traffic signal is red. However, you may often notice that people do not follow the traffic rules, and cross the roads wherever they find no vehicles approaching nearby. The programme ended with vote of thanks proposed by Prof. Prashant Shirode.
